# Admission Policy

Before your child can attend child care, Michigan State Law requires the following items to be on file:

- Registration Form
- Registration with Smart Tuition and a yearly registration fee must be on file in the business office.
- Child Information Card
- Health Maintenance Record
- Sunscreen/Insect Repellent Permission (optional)
- Medical Administration Form (optional)

These guidelines have been developed for the protection and well being of each child. Failure to provide the items listed above will result in the child's enrollment being delayed or canceled. We accept new registrations throughout the year provided space is available. Families have the option of enrolling for the school year only, summer only, or both. The staff must have 24 hours notice to process registration forms before any child may enter the programs.

**INSPIRING  
ACHIEVEMENT,  
BELONGING AND  
CONNECTEDNESS**

## **Staff**

All staff members are required to remain current with various trainings in order to work in the child care rooms. All staff members are required to complete 16 hours of training on appropriate child oriented topics each year. In addition, staff members have been trained in first aid/CPR, Protecting God's Children (VIRTUS), blood borne pathogens, and various other developmental programs. The staff has been instructed on how to handle a crisis, and how to report neglect and abuse. All employees are required to have a criminal background check completed and have fingerprints taken before beginning employment.

## **Attendance**

It is essential that the child care staff is notified if your child will not be attending child care on one of their scheduled days. If your child will be attending child care on a non-scheduled day, please notify us before arriving. We prefer 24 hour notice, but immediate services are available if we have availability.

On non-school days, it is necessary for you to make a reservation for child care. This can be done by phone, e-mail, or signing the reservation sheet in the child care rooms. If you sign up and don't show up, you will be charged for the day. Also, if you just drop in without a reservation, you will be charged an extra \$10.00 per child.

Child care is open on snow days; however, we reserve the right to close if we feel travel to and from school will jeopardize the safety of your family or our staff. You must register for this service. Your registration form is a commitment. If you sign up and don't show up, you will be charged. We are open normal hours on days when school may be delayed.

Staff will only release children to parents or those listed on the child information card unless the staff is notified. Parents must provide a copy of any court order prohibiting contact by a non-custodial parent if we are to withhold a child from a parent. If staff members question anyone's identification, a picture ID may be required.

**Sign In/Sign Out Sheet** – It is essential that parents sign their children in and out. If the child is not signed out, they will be charged until 6:00 PM.

## Health and Medications

If your child has a communicable disease, or any contagious health problem that will affect the health of the staff and other children in the program, please **do not** send him/her to the child care program. Your child may return once they are no longer contagious and fever free for 24 hours without the use of a fever reducer.

If your child suddenly becomes ill, or symptoms of illness appear such as a fever of 100 or higher, vomiting, or diarrhea, parents will be called and the child will need to be picked up immediately. If a parent is unreachable, your child's emergency contact will be notified.

If medication is required while in our facility, it can only be administered from original containers with the original prescription label attached. A medical administration form must be signed and dated for all medication, including over-the-counter medication. All medications must be kept by a staff member; children may not keep medication with them.

Parents will be notified by phone or email when an accident, injury, or illness occurs. If your child receives a head injury, a parent will be notified immediately. In case of an accident or injury, adequate first aid supplies are available. If the situation requires immediate medical attention, the staff will first call 911, and then notify parents via phone. If the situation requires professional medical attention, an accident report will be completed and a copy will be kept on file.

To help protect your child, all staff members have been trained to handle bodily fluids and are required to follow proper hand washing procedures. Children are taught the importance of hand washing and are provided the opportunity whenever necessary.

At least one staff member trained in CPR and First Aid will be present in the building at all times.

## **Snacks and Lunch**

Nutrition is a necessity of life. During the school year, students will have snacks and drinks available to purchase for 25 cents each, or they may bring one from home. During the summer months, an AM and PM snack will be provided.

On non-school days, lunches for K-8 students are available for purchase by using the school's hot lunch program or parents may choose to send a lunch with their child.

## **Crisis Situations**

**Fire Procedure:** The students practice fire drills five times a year. They know how to respond to the sound of the fire bell and where the nearest exit is. Each group has an assigned location. If this location is unsafe, the group will proceed to Aberdeen School or Blessed Sacrament Church depending on the severity of the fire or directions from authorities. Children will remain at this location until parents come to retrieve them or authorities relocate us. Parents will be notified by email, a remind text, ASA website, and ASA face book page. After 30 minutes, parents of those children still remaining will be called.

**Tornado Procedure:** If the National Weather Service issues a tornado warning for Kent County, the students will proceed to the basement of the school. Students will remain in the basement until given the all clear. If the school sustains damage and students need to relocate sites, parents will be notified by email, remind text, ASA website, ASA face book page, and the local television stations. Parents will then need to come to our location and pick up their child. After 30 minutes, phone calls will be made to those parents whose children remain at the location. Tornado drills are practiced with the students twice a year.

**Crisis:** The staff is trained what to do in a crisis situation. The number one priority is the safety of the students. Teachers will follow the trained protocol or instructions from authorities. If students are relocated, parents will be notified by email, remind text, ASA website, and ASA face book page. After 30 minutes, phone calls will be made to those parents whose children remain

at the location. If a crisis occurs and the children remain at ASA, a letter or email will be sent home with each child explaining the situation that occurred. Lock downs and/or shelter in place are practiced twice a year.

\*\*\* If specific plans for students with special needs are required, alternate arrangements will be provided for staff.

**Our outside doors will remain locked at all times.** When you are coming to drop off or pick up your child, please use the door bell. A staff member will open the door for you.

If we are not in our rooms, we will post a sign on the outside door stating where you can find us. During the school year we will remain on school property at all times except in the case of an emergency. During the summer, field trips will be taken with parental permission and notification. If we are at Aberdeen Park, a note will be posted on our door.

## Weather Conditions

**Tornado Warning:** When a tornado warning has been issued by the National Weather Service, all children will take shelter in the appropriate designated area until they are picked up by parents, or until the all clear has been issued. Parents are strongly encouraged to remain in the building with their child until the all clear has been given.

**Tornado Watch:** Activities will continue as usual, with the exception of outdoor play. The weather will be closely monitored. Children will be dismissed as normal.

**Thunderstorm Watch or Warning:** Activities will continue as usual, with the exception of outdoor play. The weather will be closely monitored. Children will be dismissed as normal.

**Snow Days:** ASA child care will remain open on snow days; however, we reserve the right to close if we feel travel to and from school will jeopardize the safety of your family or our staff. Your child must be registered for snow days.

**2 Hour Delays:** ASA child care will open at the normal time (6:30 AM) on these days.

## **Discipline Policy**

Positive relationships and expectations for children are key components of our programs. We encourage self-control, self-direction, self-esteem, and cooperation when dealing with discipline situations. We concentrate on appropriate behavior among the children and between children and adults. One of our primary goals is to promote positive growth in your child's social and emotional development and keep conflicts to a minimum. We promote positive behaviors and promote trusting relationships among students and staff.

Staff members have been trained in 1-2-3 Magic behavior program. Non-severe and developmentally appropriate discipline or restraint may be used when reasonably necessary to prevent a child from harming themselves, others, or property. Discipline in the form of physical harm, mental/emotional punishment, confinement, exclusion from food, rest, outside play, and daily learning experiences is prohibited in all of our child care programs.
