Dear Parents and Guardians,

Recent closures of local schools due to heat serve as a reminder to review ASA closing procedures and communication channels. Are you signed up for the [Remind app](#), so you can receive a text message in the event ASA closes? How about the ASA app? It is available in the iOS App and Android Play stores - just search for All Saints Academy.

If ASA closes, we will push out the information via Remind, social media, email and the school website as soon as that decision is made. We will also note the status of child care.

Regarding the recent heat wave: portions of both of our buildings have air conditioning, so when fans, water, and popsicle breaks are not enough, teachers do work together to share the cooler spaces in our buildings for alternative learning environments. We are aware that even if we close school, many of our families will still elect to use ASA child care, so if we believe conditions are safe for students and staff, we will remain open. If ASA stays open, but you feel it is best to keep your student(s) home, please feel free to make that decision.

God Bless,
