Dear Families of All Saints Academy Students,

Blog? Email Blast? Other?

There are a number of ways we share information from All Saints Academy. We know you have busy lives! To assist in your organization and planning, please note that we make it a priority to include all upcoming dates and important school information in email blasts. Email blasts are email messages sent to all ASA parents from the school office. These are utilized rather than messages sent by teachers to classroom parents. Email blasts are sent from communications@asagr.org. Please make sure you "white list" this email address, or add it to your "safe senders" list in your email account. Email blasts are our primary and official means of communication.

All email blasts are catalogued on our website for easy references on the [Parent Communications page](#) of our website. (The link to this page is in the Quick Links column of the home page, and is also available in the menu of the ASA app.) We will also begin sending the link to this page via our other communication tools so that you have a reminder through multiple formats by which you can get to these communications.

Teachers also communicate with families weekly, either with a classroom newsletter or links to their teacher websites, regarding class updates and information.

Our social media sites (Facebook, Twitter, and Instagram), and the ASA Today blog are intended to share pictures, stories, updates and reminders. They are not intended to be a primary source of information. The ASA app is intended to provide parents with quick access to the most requested information, the push notifications in the app are for time-sensitive information and reminders. The Remind app is how we send time-sensitive information via text to those parents who have signed up for it.

Protect Young Eyes Presentation

We have invited [Protect Young Eyes](#) to visit ASA. The purpose of their visit is to increase the digital IQ of our staff, students, and families. Led by Chris McKenna, PYE is a team of digital experts who present around the country. Staff and adults from ASA as well as our four parishes are invited Monday, April 30th, 2018, from 6:30 pm to 8:00 pm for a Digital Culture of Kids for Caring Adults Seminar in the Brophy Center. [Click here for the RSVP](#) for this free event and check out [this post from PYE](#) about Digital Screen Time.
