

All Saints Academy 4th-8th Grade Invention Convention

Students, parents, siblings, relatives and friends are invited to attend the very 1st ASA Invention Convention!

Thursday, May 17, 2018 from 6:00 p.m.-7:30 p.m. in the Middle School Gymnasium and Brophy Center.

Students have been designing, creating and testing their very own invention since the first week of school.

Students have been challenged to use their critical/higher level thinking skills to design an invention that solves a problem or is a different way to do something.

The Invention Convention is a component of all of our Middle School S.T.E.M. classes held throughout the year.

Please plan to attend and see very impressive inventions from our ASA Middle School students/inventors!
